NOTIFICATION.

The 15th April 1882.—In exercise of the powers vested in him by Section 8 of Act V (B.C.) of 1881 (the Calcutta Burial Board's Act, 1881,) the Lieutenant-Governor is pleased to sanction the following rules which have been made by the Burial Board for the Town and Suburbs of Calcutta.

RULES UNDER SECTION 8, ACT V (B.C.) OF 1881.

I.—*Meetings of the Board.*

1. An ordinary meeting of the Board shall be held on the first Monday in each month Three members of the Board shall be a quorum.
2. The Chairman may summon a special meeting when he thinks fit, and shall do so when required by three members of the Board.
3. In the absence of the Chairman at any meeting of the Board, the members present (being a quorum) shall choose one of their number to preside.
4. All questions shall be decided by a majority of votes, and in case of an equality of votes, the Chairman of the meeting shall have a second or casting vote.
5. Minutes of the proceedings of all meetings of the Board shall be kept and shall be signed by the Chairman.
6. Matters of emergency and matters not provided for by the rules shall be referred by the Superintendent for the orders of the Chairman. All such references, with the orders passed thereon, shall be laid before the next monthly meeting for confirmation.

II.—Graves and Monuments.

7. The design for any monument other than a simple headstone, and the inscription proposed to be placed on any monument or headstone, must have the approval of the Board.
8. The size of graves is limited to 8′ × 4′, and the area of ground to be enclosed must not exceed 11′ × 7′ by external measurement. No monument must exceed 8′ × 4′ at the base.
9. No other monument than a simple headstone shall be placed over a grave not constructed of masonry.
10. The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry pillars: wooden or masonry enclosures are not permitted.

11. All graves must be at least six feet in depth, and no masonry grave shall be used for a second interment therein unless there is room to place at least three feet of earth between the top of the coffin and the surface of the ground.

12. If any monument falls into a ruinous condition, the Board may call upon the friends of the deceased to repair it, and if they neglect to do so, or if they cannot be traced, the Board at their discretion may repair or remove such monument.

13. The Board will undertake to keep in repair any monument for the repair of which the friends of the deceased may deposit with the Board such sum as the Board shall consider to be sufficient.

14. All persons who have now permission to carry on the business of undertakers in the cemeteries under the control of the Board shall be deemed to have the permission of the Board to continue to perform those duties. No other persons shall be permitted to carry on the business of undertakers in the cemeteries under the control of the Board until they have been duly approved by the Board at a meeting.

15. No person who has not the permission or approval of the Board under the preceding rule shall be allowed to erect any monument in any cemetery under the control of the Board.

16. A list of all persons authorized as aforesaid shall be kept at the Board's office, and shall be signed by the Chairman.

17. A plan of each cemetery under the charge of the Board shall be kept at the Board's office.

III.—Fees and charges.

18. The following fees shall be payable to the Board in respect of any burial in a cemetery under the charge of the Board, viz.—

For receiving notice of burial	1 rupee.

For a raised monument or masonry platform, for each square foot of ground occupied	1 rupee.
For a simple headstone, cross, or flat slab	15 rupees.

19. A copy of the registration of a burial, under the signature of the Chairman of the Board, shall be given on payment of one rupee as searching fee, and one rupee as copying fee.

20. All fees not paid to the credit of the Board's account in the Bank of Bengal shall be payable to the Superintendent.

21. The person or firm applying for the performance of a burial, or for the erection of a monument or headstone, is responsible for the payment of all fees connected therewith.

22. The Board have a discretion to reduce, or altogether to remit, the above fees (except the fee for the erection of a monument or headstone) on reasons to their satisfaction being assigned for such reduction or remission.

IV.—Officers of the Board.

23. The cemeteries under the control of the Board shall be in the immediate charge of a superintendent, who shall be directly responsible for the due observance of the rule and for the maintenance of the cemeteries in a proper condition.

24. Officers drawing salaries of Rs. 20 and upwards per mensem shall be appointed by the Board at a meeting. Officers drawing salaries below Rs. 20 may be appointed by the Chairman. Any officer may be suspended or removed by the authority by which he was appointed.

25. The Superintendent may suspend or fine any of his subordinates for breach or neglect of duty, reporting his action for the approval of the Chairman.

26. Any officer of the Board, who shall accept any fee, perquisite, or gratuity, other than authorized salary, for the performance of any duty under the Board, shall be liable to immediate dismissal.

V.—Accounts.

27. The Board shall submit to Government annually, in the month of March, a budget statement of the estimated receipts and expenditure of the ensuing financial year.

28. The Board shall also submit to Government annually, before the end of the month of June, an account of the receipts and expenditure of the last financial year.

29. It shall be the duty of the Superintendent to submit, at the monthly meeting of the Board, a statement of the receipts and expenditure of the preceding month in such form as the Board may direct.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

* For a pauper funeral, the charge for digging the grave shall be 8 annas only. The charge for digging the grave does not include the cost of making a masonry grave. The Board do not undertake the preparation of masonry graves.

SANITARY.

The 27th April 1882.

No. 112.—In exercise of the powers conferred by section 46 of the Native Passenger Ships Act, No. VIII of 1876, the Governor-General in Council is pleased to make the following rules, to be substituted for those bearing the same numbers which were published in the Notification of the Department of Revenue, Agriculture, and Commerce, No. 298 (Commerce and Trade), dated 8th August 1877:—

IV.—Every such ship shall be fitted with not less than two privies, sufficiently screened from public view and readily accessible, and with one additional such privy for every one hundred passengers, or part of that number, carried in excess of one hundred, but no privies shall be allowed in the between-decks.

A proportion of such privies, in any case not less than one if there be any females among the passengers, shall be set apart for the exclusive use of females, such proportion corresponding, as nearly as may be, to the proportion of female to male passengers.

V.—Every such ship shall be provided with not less than two places for washing, sufficiently screened from public view, whereof a full proportion, as prescribed in the case of privies in Rule IV, shall be set apart exclusively for females. A sufficient number of hand-pumps shall also be provided for supplying sea water for purposes of ablution.

VII.—Every such ship shall be provided with not less than two cabooses or cooking ranges, on deck, properly housed and covered, to which passengers shall have ready access. The ranges shall be made of substantial plate iron lined inside with tiles and raised at least 4 inches from the deck, with an outlet or chimney at top for the escape of smoke. Each range shall contain five or six cooking places, and an additional range shall be provided for every two hundred passengers carried in excess of one hundred. Cooking on board in the passengers' own stoves is prohibited.

The crew of the vessel shall not be allowed to use the cooking ranges set apart for passengers during the period passengers are on board, but shall be provided with a separate cooking range.

Beerbhoom Collectorate, the 13th April 1882. J. ARMSTRONG, Collector.

NOTICE UNDER RULE 17, SECTION II, PART I.

NOTICE is hereby given that the lease of the land specified in the Schedule hereunto annexed, and of which the plan is open to inspection at the office of Commissioner of the Sunderbuns, has been applied for by Anund Chandra Banerjee, and will be sold at 12 o'clock noon on the 14th July 1882, Friday, the 31st Assar 1289 B.S., at the Sunderbun Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims of objections under Act XXIII of 1863 (to provide the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sales of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of way and water, and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a towpath not less than 25 feet in width on each side of every such stream and channel.

That no charge shall be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land. But for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such right of way and other reasonable facilities as may be requisite for working, getting, and carrying any such minerals. It also retains its proprietary right in the land and only confers on the lessees an occupancy right which shall be hereditary and transferable.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction of the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

NOTE.

Barometric Pressure.—The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 18. For stations above 500 feet elevation the reduction is made by Captain Allan Cunningham's table, "Prof. papers on Indian Engineering, No. CXIII." The temperatures at the sea-level are taken from column 3 of the above table.

Temperature.—The temperatures in column 3 are reduced from those in column 18 on the preceding page, by adding 1° Fahrenheit for every 450 feet.

Wind Resultant.—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

Cloud.—This column gives the average proportion of clouded sky, a cloudless sky being indicated by 0, and one completely overcast by 10.

The above, being all comparable, afford the data for constructing a meteorological chart for the month, which will show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

Report of Fluctuation of Traffic on the Tirhoot State Railway for the month of March 1882.

THE total quantity of goods carried during the month of March 1882 aggregated maunds 3,69,912, as compared with maunds 2,55,170 carried during the corresponding period of 1881, and maunds 3,12,863 carried during the previous month, showing an increase of maunds 1,14,742 and maunds 57,049 respectively.

Of the several increases and decreases, the following are the most prominent ones, and worthy of separate explanations :—

INCREASES.

Coal ... ... Mds. 54,851

This is Messrs. Burn & Co.'s coal for the Western Extension.

Food-grains ... ... Mds. 12,188

This is the gradual increase as stated in the last month's report, and it is presumed it will continue throughout the year.

Ghee ... ... Mds. 1,730

This would have been one of the principal staples of traffic, but a greater portion of it is despatched by boats owing to heavy rate of carriage by Railway and risk of damage in Railway transit. It finds its way over the Railway when the navigation of the river Gunduck becomes difficult.

Gunny-bags, empty ... ... Mds. 1,213

This fluctuates according to the import and export of food-grains, &c.

Hides ... ... Mds. 2,708

This depends on local collection.

Iron ... ... Mds. 2,016

This depends on the local requirements in indigo concerns and other engineering works in the district.

Piece-goods, English ... ... Mds. 8,498

There will be a further increase during the months of April and May, these months being the principal months for Hindoo marriages.

Railway materials ... ... Mds. 30,035

This is owing to the three extensions of the Tirhoot State Railway being under construction.

Salt ... ... Mds. 28,355

There is a very large import now that the tax has been reduced.

Saltpetre ... ... Mds. 17,207

This is the anticipated increase referred to in previous reports.

DECREASES.

Lime and kunkur ... ... Mds. 2,881

This shows a decrease, simply because the Railway has not the requisite rolling-stock to carry it, and not because it has not been offered. The contractors' repeated applications for special trains for Kunkur have consequently been refused. The defect ought to be remedied early.

Seeds, oil ... ... Mds. 13,829

This will continue to fall owing to the poor outturn this year.

Seeds, indigo ... ... Mds. 16,706

Double sowing was done in last year on account of unfavourable weather, hence last year's maundage is greater than this year's.

Sundries ... ... Mds. 4,584

This cannot be explained in detail.

Tobacco ... ... Mds. 9,941

Previous remarks are applicable to this.

SOMASTIPUR, *the* 11*th April* 1882.

A. POPE, *Asst. Traffic Superintendent.*

Report of Fluctuation of Traffic on the Patna-Gya State Railway for the month of March 1882.

THE total quantity of goods carried during the month of March aggregated 1,82,283 maunds, as compared with 1,56,970 maunds carried during the corresponding period of the previous year, and 1,59,900 maunds carried during the previous month of 1882, showing an increase of 25,313 and 22,383 maunds respectively.

Of the several increases and decreases, the following are the most prominent ones and worthy of separate explanations :—

INCREASES.

	Mds.
Coal	19,094
Iron	3,411
Due to the requirements of the Engineering Department.	
Jaggree	35,705
This is what was expected and is the main traffic of the Gya Line	
Piece-goods	2,003
This is due to the near approach of the Hindoo marriage season.	
Salt	2,069
Local consumption has increased, and the old stock in the market has been consumed, hence the improved import.	
Sundries	10,742
This is steady and satisfactory, though it cannot be explained in detail	

DECREASES.

Chillies	5,171
Large quantities are stocked in the districts waiting for higher prices.	
Cotton	3,495
The Calcutta market continues dull and prices have fallen.	
Food-grains	12,347
This has been repeatedly explained in the previous reports.	
Lime and kunkur	1,862
The demand by the Engineering Departments in the districts is considerably less	
Potatoes	1,457
This depends upon local demand.	
Seeds, oil	8,605
This is early for the oilseed traffic, which has not commenced.	
Stones, stone-ballast and wares	1,638
Timber	1,553
The former is not required by Patna Municipality and the latter by Engineering Department in the districts in the same quantities as last year.	
Sugar	8,514
The market shows no demand for this article.

DISTRICT ROAD FUND.

NOTIFICATION No. 163.

The 4th May 1882.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Burdwan, Bankoora, Beerbhoom, Midnapore, and Hooghly with Howrah, for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Burdwan Division, are published for general information.

G. F. E. S. NEILL, *Major*, R.S.C.,

Asst. Secy to the Govt. of Bengal, P. W. Dept.

Abstract of a report by the Chairman of the District Road Cess Committee, Burdwan, on the Committee's operations for the cess year 1880-81.

THE total receipts during the year for this district amounted to Rs. 1,55,141, and the total expenditure to Rs. 1,55,123. The year opened with a balance of Rs. 41,795, and closed with a balance in hand of Rs. 41,813.

Several works of importance were completed and others partially carried out during the year. Rs. 15,000 were allotted for village roads in the district, of which Rs. 6,000 were apportioned to the sudder, and Rs. 3,000 to each of the other sub-divisions. Almost the whole allotment has been spent during the year.

Rs. 865 were spent in planting and maintaining trees on the sides of important roads. During the past two years, 25 miles of roads have been planted with trees, of which 17 miles have been under the supervision of the engineering staff, and the remainder has been planted by sub-divisional officers and local zemindars.

The books and accounts of the Committee are reported to have been kept with great care and very systematically.

The several establishments under the Road Cess Committee have done their work satisfactorily.

Abstract of a Report by the Chairman of the District Road Cess Committee, Bankoora, on the Committee's operations for the cess year 1880-81.

THE road cess was levied at the maximum rate in the district. It was on the whole realized without much difficulty. The Chairman presided at every meeting of the District Committee, excepting an ordinary one at which the Vice-Chairman took the Chair. The Executive Engineer could not attend any of the meetings or assist the Committee with his professional advice. The attendance of the non-official members was not quite satisfactory, as out of 17 of them, nine did not attend any meetings during the year. This remark is also applicable to the attendance of the non-official members of the Branch Committee.

Four village roads were started in the sudder and 14 in the Bishenpore sub-divisions, and almost all of them were completed during the year. Donations and subscriptions were made by some zemindars for the improvement of several village roads in the district.

Three thousand five hundred and ninety-five trees were planted and maintained during the year. The work was carried out as before by contract on all the roads.

The several establishments under the Road Committee have worked satisfactorily.

Vice-Chairman.

R. C. DUTT,
Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Beerbhoom, on the Committee's operations for the cess year 1880-81.

THE collections of the district were very satisfactory. There were 10 meetings of the District Road Committee during the year, at all but one of which a quorum was obtained. The members of the Committee have taken some interest in their work; the number who did not attend any meeting was four.

All the roads in the district have been repaired or kept in good and passable order. The allotments for fourth class or village roads were made and spent through the headmen of villages in their respective neighbourhoods in the district.

A proposal was made by the Committee to have the space of the railway bridge over the More river, close to Cynthea, made available for wheeled traffic, and it was approved by Government. The East Indian Railway Company will carry out such portion of the road as falls within their boundary, and the Road Cess Committee will construct the approaches to the bridge.

An increased attention has been paid to the matter of arboriculture. About 1,200 trees were planted in different roads of the district in addition to those planted out last year.

The establishments under the Road Committee have, on the whole, done their work well. The percentage of fixed charges for establishments, including the charge for a Divisional Superintendent of Works and his office, is little less than 19 per cent.

BEERBHOOM ROAD CESS OFFICE,
The 22nd January 1882.

J. ARMSTRONG,
Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Midnapore, on the Committee's operations for the cess year 1880-81.

THE Road Cess Act has worked smoothly during the year. The only difficulty experienced was in the speedy collection of cess from proprietors. It is a notorious fact that in this district voluntary payments are rare, and that payments even under the Certificate Procedure Act are seldom made, till all the procedure prescribed by law is gone through.

Nine Meetings of the Road Cess Committee were held against six in the previous year, and the percentage of average attendance of members was only 36·8, while that of the year before was 56·5. No meetings were held during the year of the Branch Committees at Contai and Tumlook, the Government orders constituting these Branch Committees having been received too late in the season.

A sum of Rs. 21,041 has been spent during the year in constructing and repairing the village roads of the district. The work on these roads has chiefly been carried out through the agency of village *punchaits* under the supervision of the sub-divisional officers and the Chairman.

Tree-planting has been systematically commenced on all the important roads, and an annual allotment will be continued until the roads are planted with a continuous avenue.

The establishments under the Road Committee have, on the whole, carried on their work satisfactorily.

B. B. DUTT.
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Hooghly with Howrah, on the Committee's operations for the cess year 1880-81.

THE road cess system has, on the whole, worked well in the district. This district is one of the few in Bengal in which local self-government can with advantage be extended. The resources of the Road Cess Committee are quite inadequate to meet the requirments of the district.

There has been a great improvement in the working of the Branch Committees, the members of which, took a real interest in their work.

The work in connection with village roads was satisfactory during the year. In almost in all cases these works were undertaken by village headmen, zemindars, chowkidari punchayets, &c.; and in most cases the villagers themselves supplemented the road cess contributions with local subscriptions.

The experiment of planting fruit-trees has to some extent been successful in the year.

During the year an important change was introduced in the administration of the Road Cess Fund of the district viz. the road cess levied in the Howrah sub-division will in future be spent to meet the requirements of that sub-division.

The several establishments under the Road Cess Committee have worked satisfactorily.

SHYAMADHABA ROY,
for Chairman.

No. 379T, dated Camp Midnapore, the 8th February 1882.

From—J. BEAMES, ESQ., Officiating Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward in original, for publication in the *Calcutta Gazette*, the annual reports and accounts of receipts and expenditure of the District Road Funds for the cess year 1880-81, submitted by the Chairmen of the Road Cess Committees in the districts of Burdwan, Hooghly, and Bankoora, as noted in the margin.

Chairman, Bankoora District Road Cess Committee's No. 11 of 12th November 1881, with enclosures.
Chairman, Burdwan District Road Cess Committee's No. 55 of 17th December 1881, with enclosures.
Chairman, Hooghly District Road Cess Committee's No. 6 of 30th November 1881, with enclosures.

2. Though early reminders were issued to the Chairmen of the Road Committees of Beerbhoom and Midnapore, their reports and accounts have not yet been received.* I have again drawn their immediate attention to the subject, and their reports and accounts will be submitted as soon as they are received.

3. An important change was introduced by Government in the administration of the Road Cess Fund in the Hooghly district. The Chairman and members of the Branch Road Cess Committee of Howrah were of opinion that the road cess raised in the sub-division should be locally spent. The matter was submitted to the Government of Bengal, and by its orders the money raised in the sub-division will in future be spent on local works. It is now hoped that such parts of the Howrah sub-division as had hitherto been to some extent neglected will be more efficiently looked after in future.

4. It is to be regretted that the attendance of the non-official members of the District and Branch Committees in Bankoora was on the whole not quite satisfactory. The same remark applies to Burdwan, but as regards Hooghly, the Chairman reports that there has been a great improvement this year in the working of the Branch Committees. From the reports received from the Chairmen of the several Branch Committees it seems that the members took a real interest in their work.

5. It is satisfactory to find that arboriculture has been going on in all the districts noted above.

6. The conduct of the officers in the employ of the various Committees has on the whole been satisfactory.

* Since submitted.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government to the undernoted shares of estates purchased on behalf of Government in an execution sale, situated in the district of Beerbhoom, will be put up to sale at the Beerbhoom Collectorate on Wednesday, the 28th June 1882, corresponding with 15th Assar 1289 B.S.

The purchasers will be subject to the following conditions of sale :—

1*st*.—The shares in the estates will be sold to the highest bidder above the upset price. The purchaser will be considered as the proprietor of the shares in the estates, and the proprietary right of Government in such shares will be transferred to him.

2*nd*.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

3*rd*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the shares in the estates to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Beerbhoom Collectorate, the 16th March 1882. J. ARMSTRONG, Collector.

NOTICE is hereby given that the undermentioned mehal situated in this district will be sold at the Hooghly Collector's office on the 23rd day of June 1882, corresponding with 10th Assar 1289 B.S. (Friday). Persons purchasing the lands will be subject to the following conditions :—

(1) If the price be less than Rs. 100, the whole amount must be paid in at the time of sale.

(2) If the price be more than Rs. 100 (one hundred rupees), one-fourth of the bid money must be paid in at the time of sale. On the 15th day of the sale (including the day of sale, which will be reckoned as one day) at noon if the balance of the sale money be not paid, the sale will be cancelled, and the deposit money forfeited, and the mehal will be re-sold on the liability of the defaulting purchaser on a fresh notice being issued.

(3) The lands of this mehal will be sold to the higher bidder rent free.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction of the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park-street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·65° lower; and finally, the thermometer, which has furnished the record of temperature at the Surveyor-General's Office during the last 20 years and upwards, is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

Meteorological Office, India,
The 8th May 1882.

Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of March 1882.

GENERAL REMARKS.

THE gross weight lifted in all staples during the month stands at 4,26,828 maunds, being an increase of no less than 1,18,580 maunds or 38·46 per cent. over the traffic carried for the same month last year. This, considering that our main staples at this time of the year (rice and paddy) are scarcely marketable commodities just now, is very satisfactory. Had there been any demand for food-grain, the increase would have been very much larger.

INCREASES.

Ale ... ... Mds 168

This is not an increase of much importance. A single consignment of Commissariat beer would more than make up the difference.

Ginger ... ... Mds. 167

The total traffic in this article during the year is a mere bagatelle. The increase noticed is the result of some slight spurt in the demand for up-country requirements.

Gunny-bags ... ... Mds. 7,309

The demand for hand-made bags for shipment still continues.

Jute ... ... Mds. 65,772

There was a sight reaction in the market about the middle of the month, and prices advanced about 2 annas a maund all round. The consequence of this was that we carried 1,01,545 maunds against 35,773 maunds in March 1881, roughly speaking nearly three times the quantity.

Piece-goods ... ... Mds. 1,779

For some months past there has been a falling of under this head, probably buyers were holding back in the hope that the duty would be taken off. The increased weight carried during the month under review is the result of stocks in the district having been allowed to run very low.

Railway materials ... . Mds. 13,429

The excess shown in this staple is caused by heavy despatch of locomotive coal; 30 276 maunds out of the total carried 37,088) was for the Locomotive Department.

Salt ... ... Mds. 48,738

No less than 71,432 maunds have been carried under this head during the month, which is the largest weight of salt yet lifted in any one month.

Tobacco ... ... Mds. 10,659

24,914 maunds of tobacco have been carried this month against 14,255 for the corresponding month last year, which may be taken as a proof of the wisdom of low rates, when the waterways compete with the rail.

DECREASES.

Food-grain ... ... Mds. 20,512

There is literally no market for rice, and the wonder is that the falling off has not been much more serious.

Sugar ... ... Mds. 992

For some months previously the despatches have been heavier than was needed to meet the requirements of the local bazars and the falling off now noticed, is the result.

Tea ... ... Mds. 204

Want of rain has, it is believed, checked the flushes considerably all over the Darjeeling district, and it is now admitted on all sides that the season will be a late one.

All other goods ... ... Mds. 7,733

Abnormally heavy despatches have, for the past two months, been made under this head, which account for the smaller weight carried during the month under review.

INCORRECT CHARTS.

NOTICE TO SHIPOWNERS AND AGENTS.

THE attention of the Board of Trade has frequently been called to cases in which British vessels have been endangered or wrecked through Masters attempting to navigate them by means of antiquated or otherwise defective charts.

The Board of Trade desire, therefore, to direct the special attention of Shipowners and their Servants and Agents to the necessity of seeing that the charts taken or sent on board their ships, are corrected down to the time of sailing. Neglect to supply a ship with proper Charts will in future be brought prominently before the Court of Inquiry in the event of a wreck occurring from that cause.

By order of the Board of Trade.

EDUCATIONAL NOTICES.

THE Calcutta Medical College Session, 1882-83, will commence on the 15th June next.

2. Students who may be desirous of commencing their studies, are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before the 15th June next.

Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled on the list of regular students of the College, who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examinations of the United Kingdom recognized by the British General Medical Council.

4. All regular students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the Summer session on the 15th June, and Rs. 30 for the Winter session in November of each year.

5. Students who have failed to pass, and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the Summer and Winter session respectively.

6. Any regular students of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice outside and in addition to the full curriculum for the year, and he shall be entitled to

certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice	60

7. Any regular student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rates fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a regular student of the College, who may be desirous of attending any course of lectures or any department of hospital practice, may do so with the permission of the Principal and the Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subject taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of honour, are open for competition only to regular students of the College and the Hospital Apprentice class.

10 No fees are payable by the holders of the Calcutta Medical College Scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a regular student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government to the undernoted shares of estates purchased on behalf of Government in an execution sale, situated in the district of Beerbhoom, will be put up to sale at the Beerbhoom Collectorate on Wednesday, the 28th June 1882, corresponding with 15th Assar 1289 B.S.

The purchasers will be subject to the following conditions of sale :—

1*st*.—The shares in the estates will be sold to the highest bidder above the upset price. The purchaser will be considered as the proprietor of the shares in the estates, and the proprietary right of Government in such shares will be transferred to him.

2*nd*.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

3*rd*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the shares in the estates to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from Observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 8t formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction of the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

N.B.—In the Weekly Report from 16th to 22nd April 1882, read 6·5 lbs. instead of 65 lbs. as the highest pressure of the wind on one square foot during seven days.

John Eliot,
for Meteorological Reporter to the Govt. of India.

Report on Traffic of the East Indian Railway for four weeks ending 25th March 1882.

The approximate figures for the period are as follow :—

	Coaching. No.	Coaching. Rs.	Goods. Mds.	Goods. Rs.	Total. Rs.	Materials carried on revenue account, including maintenance. Mds.	Materials carried on revenue account, including maintenance. Rs.
1882	694,418	10,50,660	67,07,231	25,82,164	36,09,024	24 16,178	1,12,246

Decrease	11,453	54,355	.....	.....	.....	.....	.....

Increase goods traffic earnings 17 per cent.
Decrease coaching earnings 5 per cent.
Coaching —The decrease is chiefly due to ordinary and military 3rd class passengers.
Goods.—The principal variations during the month are—

Increases

Up coal.	Other grains.
Down coal.	Jaggree.
Cotton.	Piece-goods.
Ghee and oil.	Railway materials for construction.
Government stores.	Salt.
Rice.	Saltpetre.

Decreases.

Wheat. Seeds. Tobacco.

On which I beg to offer the following remarks :—

Coal, upwards ... ... Mds. 1,57,450 Rs. 21,040

Assensole, Setarampore, and Barakar show increases owing to contracts having been obtained by some of the Coal Companies for supply of coal to the Rajpootana-Malwa Railway.

Coal down ... ... Mds. 1,17,120 Rs. 18,780

The majority of the colliery stations show an increase.

Cotton ... ... Mds. 15,680 Rs 5,750

In the earlier part of the month a better demand set in at advancing prices.

Ghee and oil ... ... Mds. 9,940 Rs 6,010

Increase in ghee chiefly at stations in the north-west.

Government Ordnance stores ... ... Mds. 2,800 Rs 8,830

Consignments of empty shells from Howrah to stations in the Punjab.

Rice ... ... Mds. 2,14,290 Rs. 78,600

Demands from Delhi and stations in the north-west.

Other grains ... ... Mds. 1,15,340 Rs. 19,120

Owing to partial failure of crops in north-west.

Jaggree ... ... Mds. 88,410 Rs. 53,030
Good demands in Central India and Rajpootana.
Piece-goods ... ... Mds. 52,460 Rs. 82,310
Stocks up-country are reported to be clearing fast.
Railway material construction account ... ... Mds. 46,870 Rs. 9,060
Materials for the construction of the double line between Buxar and Moghalsarai.
Salt ... ... Mds. 39,240 Rs. 40,250
The increase is largest at Howrah.
Saltpetre ... ... Mds. 40,410 Rs. 19,930
A fair business in this commodity was transacted in Calcutta.
Wheat ... ... Mds. 13,160 Rs. 8,200
This traffic fell off during the first two weeks of the period.
Seeds ... ... + Mds. 9,760 — Rs. 11,220
There is a falling off in seeds despatched from Cawnpore to Howrah this year.
Tobacco ... ... Mds. 17,440 Rs. 8,080
This is probably only a fluctuation.

The train mileage for the period has been, excluding maintenance and loco coal train-mileage—

	Coaching.	Goods.	Total.

Increase.

Mds.

Building materials 18,276

This increase is due to the materials carried for the Sonarpur-Mugra Extension for the erection of platform at Sonarpore and construction of new sheds at Canning rice mills.

Coal 6,372

This increase is due to the coal being required for brick-burning for the Sonarpur-Mugra Extension and for Rice-mills at Canning.

Firewood 15,977

This increase is due to wood wagons being employed to carry firewood only and not any other materials and to greater demand at selling stations.

Hay 1,120

This increase is due to greater number of covered wagons being employed in carrying hay; in consequence of rice mill business being slack.

Straw 3,803

This increase is due to greater demand at selling station and the bazar rate being increased.

Woolloo 3,180

This increase is due to favourable market and merchants being supplied sufficiently with wagons; the rice mill business being slack.

Rice 2,142

This increase is due to traffic of rice from other stations. Rice traffic from the Rice-mills at Canning being decreased.

Paddy 870

This increase is due to better crop.

Sundries 1,970

This increase is due to greater demand at Canning for the working of Rice-mills and for Sonarpur-Mugra Extension.

Decrease.

Railway materials 9,097

This increase is due to railway materials not being required for Sonarpur-Mugra Extension.

Increase.

Mds.

Piece-goods 697

The increase is due to greater import to replenish stock exhausted.

Seeds of all sorts 2,471

For want of sufficient water in the river Bhagiruttee this year seeds of all sorts are sent by railway.

Salt 5,615

The increase is due to the above cause.

Decrease.

Sugar and Jaggree 739

The decrease is due to less import, the stock previously laid not being exhausted.

A. P. MACDONNELL,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 20th May 1882.—In modification of the notification published at pages 159-60 of Part I of the *Calcutta Gazette* of the 25th February 1880, and in the exercise of the powers conferred on him by section 38, Act IV (B.C). of 1871, the Lieutenant-Governor is pleased to approve and confirm the following amended bye-laws for the town of Pooree, framed under section 37 of the Act, by the Magistrate, with the assent of the Health Officer of the town.

Bye-laws under section 37, Act IV (B.C.) of 1871, for the Town of Pooree.

PART I.

On the appointment and constitution of a Committee to aid in carrying out Act IV (B.C.) of 1871 in the Town of Pooree.

For the purposes of this Act, as amended by Act II (B.C) of 1879, the town of Pooree shall be considered all the land within a circle with a radius of five miles from the Great Temple.

2. A Committee consisting of three official and three non-official members shall be appointed to assist the Magistrate and Health Officer in carrying out the provisions of the Act.

3. On the 1st of March in each year, the Magistrate shall nominate the members to serve on the Committee during the ensuing official year, and shall report the nomination for the sanction of the local Government.

4. In the event of the death, removal, or resignation of any member of the Committee during his year of office, if such member be an official member he shall be succeeded by the successor to his appointment, or any other official; if he be a non-official member, his successor shall be appointed by the remainder of the Committee.

PART II.

Rules for the conduct of business.

5. A meeting of the local Committee appointed by the local Government to assist the Magistrate and the Health Officer to carry out the provisions of the Act, shall be held for the transaction of business and inspection of accounts at the office of the Magistrate on the fifteenth of every month, not being a Sunday or holiday, in which case the meeting shall be held on the next open office day: provided that it shall be lawful for the Magistrate to call a meeting at any other time during the month, recording his reasons for doing so.

6. Notice of every meeting shall be given to each member at least four clear days before the day appointed for the meeting.

7. No question shall be finally decided on the first occasion it is brought before the Committee, unless the nature of the question has been fully described in the notice prescribed by the last bye-law.

8. The subjects or subject brought before the Committee shall be decided by a majority of votes. In the event of divisions, the Magistrate, or, in his absence, the Health Officer, shall have a casting vote.

9. The Health Officer shall be *ex-officio* Secretary to the Committee, and the Magistrate, President: the proceedings of every meeting shall be recorded by the Secretary in a book kept for the purpose.

PART III.

On the receipt and disbursements of moneys under the Act.

10. On the 15th October in each year, a budget of probable receipts and of proposed expenditure during the ensuing year shall be submitted for the sanction of the Government.

11. It shall be competent for the Committee, subject to the orders of Government, to transfer sums from one item of the budget to another, provided that the total expenditure be not exceeded, and provided that an annual review of the same be submitted to the Commissioner.

12. In forming every annual estimate, an amount not exceeding 25 per cent. shall be reserved for emergent contingencies, such as a sudden outbreak of cholera and sickness, and necessity for employment of extra and special establishment.

13. At the close of every year, the Magistrate shall submit a report on the working of the Act during the year, showing the works of improvement carried out, and a detailed account of the receipts and expenditure during the year, and the balance in hand at its close. This report shall be forwarded through the Commissioner to Government.

PART IV.

Miscellaneous.

14. Every lodging-house keeper taking out a licence under this Act shall provide himself with a copy of the Act and with a printed copy of the notice prescribed in section 14, which notice shall be in the form shown in appendix A of these bye-laws.

15. The register referred to in section 15 of the Act shall be in the form shown in appendix B of these bye-laws.

16. There shall be hung up in each compartment of a lodging-house a board on which shall be legibly written in Uryah, Hindustani, and Bengali, the dimensions of such compartment and the number of pilgrims it can properly accommodate, and this board shall bear the signature of the Health Officer.

17. Every lodging-house keeper shall be bound on requisition by the Health Officer to provide himself with tickets or tokens bearing consecutive numbers, and to furnish each of his lodgers with one of such tickets or tokens.

18. For the purpose of this Act the year shall be considered to commence from 1st April, and all licenses shall run from that date.

19. Every pandah or other person who brings pilgrims to Pooree shall be bound to furnish the Magistrate or Health Officer with any information they may require as to the disposal of such pilgrims in the town of Pooree; any refusal to furnish such information shall be punished with a fine not exceeding Rs. 20, and any false information as to such disposal of pilgrims shall render the person giving it liable to prosecution under section 177 of the Indian Penal Code.

The 16th May 1882.—The following notification is published for information.

A. P. MACDONNELL.
Offg. Secy. to the Govt of Bengal.

INCORRECT CHARTS.

NOTICE TO SHIPOWNERS AND AGENTS.

THE attention of the Board of Trade has frequently been called to cases in which British vessels have been endangered or wrecked through Masters attempting to navigate them by means of antiquated or otherwise defective charts.

The Board of Trade desire, therefore, to direct the special attention of Shipowners and their Servants and Agents to the necessity of seeing that the charts taken or sent on board their ships, are corrected down to the time of sailing. Neglect to supply a ship with proper Charts will in future be brought prominently before the Court of Inquiry in the event of a wreck occurring from that cause.

By order of the Board of Trade.
March 1882.

SENATE HOUSE, *the 16th May* 1882. G. BELLETT, *Registrar.*

THE Calcutta Medical College Session, 1882-83, will commence on the 15th June next.

2. Students who may be desirous of commencing their studies, are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before the 15th June next.

Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled on the list of regular students of the College, who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examinations of the United Kingdom recognized by the British General Medical Council.

4. All regular students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the Summer session on the 15th June, and Rs. 30 for the Winter session in November of each year

5. Students who have failed to pass, and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the Summer and Winter session respectively.

6. Any regular students of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice outside and in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice	60

7. Any regular student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rates fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a regular student of the College, who may be desirous of attending any course of lectures or any department of hospital practice, may do so with the permission of the Principal and the Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subject taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of honour, are open for competition only to regular students of the College and the Hospital Apprentice class.

10 No fees are payable by the holders of the Calcutta Medical College Scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a regular student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the Gazette of India.*]

The following orders, issued by the Government of India in the Home Department, are republished for general information :—

NOTIFICATIONS.—PUBLIC.

Simla, the 19th May 1882.

No. 760.—The Governor-General in Council is pleased, under the provisions of section 27 of the Indian Arms Act, 1878, to exclude uniform swords and dirks of recognized military or official patterns from the operation of any prohibition and direction contained in the Act.

ESTABLISHMENTS.

The 17th May 1882.

No. 216.—The following temporary promotions are made in the Assam Commission, with effect from the date on which Mr. C. Donovan, C.S., proceeds on furlough :—

* * * *

Mr. T. J. Murray, Deputy Commissioner, Fourth (Officiating Third) Grade, to officiate as Deputy Commissioner, Second Grade.

* * * *

Mr. G. W. Place, Assistant Commissioner, Second Grade, to officiate as Assistant Commissioner, First Grade.

Mr. A. Porteous, Assistant Commissioner, Third Grade, to officiate as Assistant Commissioner, Second Grade.

The following orders, issued by the Government of India in the Department of Finance and Commerce, are republished for general information :—

NOTIFICATIONS.

Simla, the 18th May 1882.

No. 1101.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Financial Resolution No. 1065, dated 21st February 1882, regarding the supply of swords of Indian manufacture.

Read also—

Letter from the Government of the North-Western Provinces and Oudh, No. 255, dated 3rd May 1882.

RESOLUTION.—In paragraph 4 of the Resolution of the 21st February 1882, read above, the Governor-General in Council requested that in future swords required for the Police and other Departments might be procured of Indian manufacture in communication with the Inspector-General of Police, Punjab, if they could not be made within the local limits of the presidency or province concerned. As, however, it has since been ascertained that swords can be extensively manufactured in the North-Western Provinces as well as in the Punjab, and that skilled workmen can now be found in almost every district in the

North-Western Provinces, the Governor-General in Council requests that when it is found more convenient to obtain swords from the North-Western Provinces than from the Punjab, the necessary steps to procure them may be taken in communication with the Inspector-General of Police, North-Western Provinces.

ORDERED that the foregoing be communicated to the Military Department and to all Local Governments and Administrations for information, in continuation of Financial Resolution No. 1065, dated 21st February 1882, and that it be published in the *Gazette of India*.

The 19th May 1882.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Bhagulpur, will be put up to sale at the Bhagulpur Collectorate on Monday, 3rd July 1882, corresponding with 3rd Assar 1289 (F. S.).

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price.

The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale

BENGAL CIVIL FUND.

NOTICE.

The Half-yearly General Meeting of Subscribers will be held at the Town Hall on Friday, the 28th July next, at 5 P.M.

THE Managers will propose the following addition to, and amendment of, the Rules:—

After Article XXIII insert a new Article.

ARTICLE XXIII (*A*).

Should the wife of a subscriber obtain a divorce from her husband, the Managers have the power, on receipt by them of a copy (which must be furnished within six months) of the order of the Court making the divorce absolute, to declare that they will, for the purposes of these rules, consider her to be still his wife.

In no case in which the Managers may exercise the above power, shall any other person subsequently married to such subscriber be entitled to receive any benefit from the Fund, so long as his former wife remains alive and unmarried.

After Article XXIV add—

The word widow in this Article shall, after the death of her former husband, include a lady on whose behalf the Managers have exercised the power conferred by Article XXIII (*A*).

Mr. A. O. Hume, C.B., will propose the following modification of Article XXXVII of the Rules:—

"Provided, however, that if any subscriber shall duly pay his subscription within one month of the date on which he actually draws the pay or pension on which it is due, he shall not be liable to any penalty on account of having been unable for the period of twelve months or more to draw the pay or pension due to him."

By order of the Managers,

CHARLES S BAYLEY,
Secretary.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FOURTH QUARTER OF THE YEAR 1881-82.

No. 404B, dated Calcutta, the 17th May 1882.

From—A. FORBES, ESQ., Secretary to the Board of Revenue, Lower Provinces,
To—The Secretary to the Government of Bengal, Revenue Department.

I AM directed to submit the following report on the state of the salt market for the fourth quarter of 1881-82, comprising the months of January, February, and March 1882.

MR. REYNOLDS.

2. The quantity of salt of every description cleared during the quarter under report amounted to 23,33,213 maunds 34 seers 2 chittacks, against 22,14,923 maunds in the previous quarter, and 20,82,471 maunds 16 seers 4 chittacks in the corresponding quarter of the previous year; and the amount of duty levied thereon was Rs. 56,41,850-5-9, against Rs. 60,14,682-2-9 in the previous quarter, and Rs. 55,47,941-4-0 in the corresponding quarter of the previous year.

3. The quantity of excise salt sold in the districts of Cuttack, Pooree, Balasore, and 24-Pergunnahs, during the quarter under review, from the stock of the different seasons' manufacture, and the quantity which remained in store at the close of the quarter, are shown in Table I.

* These figures do not agree with the balance shown at close of last quarter, owing to the Collector having submitted revised figures.

4. From the above statement it will be seen that the total sale of excise salt during the quarter under review amounted to 1,12,514 maunds 21 seers 6 chittacks,* against 83,425 maunds 2 seers 8 chittacks in the previous quarter, and 1,12,603 maunds 25 seers in the corresponding quarter of the previous year.

* There is a difference of 389 maunds between these figures and the total of the figures shown as sales in statement I, which is due to the fact that duty on this quantity was paid in March, but the salt was not taken out of the golah.

5. The subjoined Table II shows in comparison the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter under review and the corresponding quarters of the two previous years.

TASAR SERICULTURE IN THE BOMBAY PRESIDENCY.

No. 2, dated Poona, the 3rd February 1882.

From—MAJOR G. COUSMAKER,
To—The Secretary to the Government of Bombay, General Department.

I HAVE the honour to submit, for the consideration of Government, my report upon the progress made in tasar sericulture during the past year, as far as the same came under my notice.

1. I cannot yet state that I have succeeded in gathering a full season's crop of cocoons of my own rearing. I certainly had better results last year than in previous years, but still there were many deaths among the silk-worms, for which I could not account to my entire satisfaction.

2. I believe that my cages are as perfect and as simple as can be; my plantation has thriven well, and I never thoroughly exhausted my stock of food, though once or twice I fancied that the caterpillars had begun to spin their cocoons before they were quite full grown. I can only imagine that there was some climatic influence which I did not perceive or against which I was unable to contend with perfect success; or, although the cages kept out rats, birds, lizards, wasps, and other enemies of the silk-worms, there may have been some small spiders, mosquitoes, or other equally minute enemies, which I did not perceive. As it was, I gathered 1,000 cocoons from 270 feet of hedge during the monsoon.

3. I was fortunately able to commence operations at the earliest and most favourable opportunity My first batch of worms hatched out on 2nd May, and the first cocoon was spun on the 6th June. The last batch of worms hatched in the middle of November, but they gradually dwindled away and came to nothing, the last worm dying on 8th December. A skilful sericulturist might evidently extend the rearing over eight months in the year.

4. The whole season's collection amounted to 60,000, double of what it was in 1880, and collected in the same way. The contribution of the Forest Department amounted to 58,000, against 17,000 in 1880, all gathered in the northern division. I had all these cocoons cleaned of extraneous matter, and the result being 200lb of clean cocoons for the two years, I sent it all to Mr. Thos Wardle of Leek. His report will be most valuable, for these are all of this Presidency's production, and the quantity will be sufficient for him to pronounce thereon a decided opinion

5. In the districts I myself purchased from the villagers about 1,000, which is about what I have been able to do for the past two years in the Ahmednagar Collectorate. Previously I had found them almost entirely on the "bher" or "bhori" tree (*Zizyphus Jujuba*), but last year they were found on the "ain" or "sádra" (*Terminalia Fomentosa*), and the "Karanda" (*Carissa Carandas*). I was at work in the Akola Táluka of Ahmednagar in a part where the majority of the cultivators habitually manure their seed beds with fresh wood ashes, and where two-thirds of these two trees are pollarded annually or cut back very hard This cultivation is most favourable to the tasar worm, for the constant lopping of the trees and burning of the branches and leaves harass the squirrels, birds, lizards, and wasps, while the fresh shoots which spring from the mutilated trees afford the best food possible to the worms. During the short time that I was there, I got more perfect cocoons than I have collected elsewhere. I made it a rule to always have a few empty cocoons in my pockets, and when I went out I used to show these to the little village boys who were tending cattle, telling them to bring me as many as they could, and that I would

pay them for so doing. The consequence was that every day when I returned to my tent I used to find three or four children sitting down, waiting for me. I never refused to take the smallest collection, giving them one pie for every two cocoons produced, and they went away exulting in the possession of two or three copper coins. Petty prompt payment is what is required in this matter, and if the *Wáni*, the village retail dealer, would but take the matter up, the tasar silk industry would soon be firmly established. The *Wáni* buys these cocoons in the Central Provinces; why should he not take them here too? There is no need for him or any one to kill the chrysalides inside; he has simply to hang the cocoons anywhere where the rats cannot get at them, and let the moths escape until he can send the cocoons to Poona, or wherever the market may be. Until village *Wánis* or other independent traders will take the purchasing of the cocoons from the villagers up as a regular business, I fear that we can only look upon the collection of the same as a spasmodic affair fostered by Government officials and carried on by the lower classes for the sake of currying favour with them.

6 As regards the prospects of the tasar silk industry, they are most promising, and every year shows an improvement. Mr. Thos. Wardle has lately drawn up a most complete and minutely detailed account of the "Wild Silks of India" in his "Handbook of the Collection in the Indian Section of the South Kensington Museum." In this he mentions how desirable it is that a trade in tasar cocoons should spring up, for the uses of this silk are rapidly increasing, and the demand is far in excess of the supply. One of the most important uses to which it has been applied is in the manufacture of seal cloth. This beautiful fabric consists of a tasar silk plush woven into a cotton back, and was sold in 1880 at 58*s* 6*d*. per yard. When I was in England in 1873, the highest price obtainable for any fabric manufactured from tasar was 3*s* 6*d*. per yard. For the manufacture of this seal cloth, yarn spun from the waste and from damaged cocoons is used. In December 1879 I gave over to Government nearly 50lb of this yarn manufactured in Bombay by the Alliance Spinning and Weaving Company from cocoons collected in this presidency. In describing the various purposes for which tasar silk yarn can be used, Mr. Wardle states, in weaving it into silk carpets, he finds that for very many reasons it is superior to mulberry silk, being lustrous, strong, and peculiarly suitable for embroidery.

7. As usual, I have sent seed to Mr. Stormont, of the Government Experimental Farm, Bhádgaon, and to Mr. George Baird, at Udepur, for the Mahárána's plantation, and expect to hear some particulars from them soon.

8. I have now laid out one-sixth of an acre as a plantation on one uniform system, and as this seems to answer well, I take this opportunity of describing it for public information. "*Lagerstræmia Indica*," gul mendhi or daiyeti, is the best shrub in Poona for the purpose, and I have now planted 906 feet of it in hedges, besides having struck enough cuttings to make nearly as much more. The land is laid out in ridges 7 feet wide with a gutter of 1 foot between. The shrubs are put into a trench of good soil mixed with manure in the middle of each ridge at one foot apart. On each side of these, on the ridges, vegetables of all sorts are being cultivated where the ground is not occupied with the cages, care having been taken to lay out the grounds in the way most suitable for irrigation, and to ensure the most being made of it at all times. The cages are made of rectangular pieces of split bamboo screenwork tarred—a very cheap, light material, and when thus protected it is neither liable to be hurt by the weather nor gnawed by rats. In constructing the cages, I tie these screens together, making the sides 3 feet high and the ends 6 feet wide. The cage can be put up the whole length of the hedge, and is divided into 12 feet partitions. From side to side, arched over the top of the hedge, are pieces of rattan fastened down at their extremities to the screens, and in the middle to a light ridge pole, which rests on triangular screens stretching across the cage at intervals. Over the hoops thus made coarse open cotton is spread, thus nothing touches the shrubs, for they are uniformly cut to a height of 4 feet, and the worms have no inducement to leave their food. The screens under the triangles at the end consist of three, the middle one of which is fixed, and the two smaller on either side are fitted with string hinges, thus allowing boys to go in and clean up on both sides of the hedges without injuring the shrubs. The worms are, when hatching, put upon the plants near the door, and they eat away steadily, crawling on to the next when their own twig has been stripped. As fast as this takes place the bare twigs are cut off and fresh spring forth. In a few weeks' time the hedge is as thick a mass of verdure as it was when the caterpillars were put upon it, and this process goes on as long as the rearing of the worms is continued. As partition after partition gets stripped, it can be taken down and shifted on further down the hedge or to a new place. An occasional watering is necessary if the weather is not favourable, but as a rule very little irrigation is necessary; still it is as well to have the power at hand if required.

9. I have now spent the Rs. 500 placed at my disposal by Government in March 1880; indeed I have spent Rs. 67-10 over and above that sum, and I hope that Government will now place another sum of Rs 500 at my disposal, the account of which will be, as usual, submitted to the Accountant-General.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction of the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

t thunder.

N.B.—In the Weekly Report from 26th March to 1st April 1882, read 249 miles instead of 149 miles as the diurnal movement of wind on the 31st March 1882.

Calcutta,
The 23rd May 1882.

Report of Fluctuation of Traffic on the Tirhoot State Railway for the month of April 1882.

THE total quantity of goods carried during the month of April 1882 aggregated maunds 3,60,379, as compared with maunds 2,59,103 carried during the corresponding period of 1881, and maunds 3,69,912 carried during the previous month, showing an increase of maunds 1,01,276 in the one case, and a decrease of 9,533 maunds in the other.

Of the several increases and decreases, the following are the prominent ones and worthy of separate explanation :—

INCREASES.

Coal ... ... Mds. 71,865

This is for Messrs. Burn & Co. and T. B. Johnson for construction purposes.

Ghee ... ... Mds. 1,931

The Calcutta market is brisk, hence merchants have availed themselves of the railway.

Hides and horns ... ... Mds. 1,986

This increase is small and varies with the state of health of cattle in the district.

Iron ... ... Mds. 3,350

This is mainly due to the large import this year of machinery for the planters and other concerns in the district.

Piece-goods, English ... ... Mds. 7,160

This is the increase promised in last reports, and a decrease is now anticipated, as the season for Hindu marriages is over.

Railway materials ... ... Mds. 24,772

Due to the construction of the three extensions of Tirhoot State Railway.

Salt ... ... Mds. 22,141

This traffic is now improving and will continue so till the rivers are navigable.

Saltpetre ... ... Mds. 7,342

This is gradually improving and will resume in course of time its place as one of the principal staples of export traffic of this line.

Seeds, oil ... ... Mds. 8,196

The season for oilseed export is fast approaching, and with the aid of Traffic Searching Department it may be hoped it will turns out a good season.

Sugar ... ... Mds 2,102

This a downward traffic from Durbhunga in the neighbourhood, of which a Sugar factory has been established; the traffic is very young as yet

DECREASES.

Food-grains ... ... Mds. 5,178

Owing to the wheat crop having been lately harvested demand has decreased, but it is not expected to continue so.

Lime and kunkur ... ... Mds. 5,239

Previous month's remarks are applicable. It is very desirable that steps be taken to supply the deficiency of rolling-stock; numerous and repeated applications of merchants have been refused.

Potatoes ... ... Mds. 1,470

Stone-ballast and wares ... ... Mds. 1,760

Due to local requirements.

Tobacco ... ... Mds. 24,523

The outturn this year has been poor; this traffic will not be what it was last year.

Sundries ... ... Mds. 12,710

This cannot be well explained.

SOMASTIPUR, *the 6th May* 1882.

A. POPE, *Asst. Traffic Superintendent.*

Report of Fluctuation of Traffic on the Patna-Gya State Railway for the month of April 1882.

THE total quantity of goods carried during the month of April 1882 aggregated 1,37,398 maunds, as compared with 1,79,325 maunds carried during the corresponding period of the previous year, and 1,82,283 maunds carried during the previous month, showing a decrease of 41,927 and 44,885 maunds respectively.

Of the several increases and decreases, the following are the most prominent ones and worthy of separate explanations :—

INCREASES.

	Mds.
Coal	7,825

Imported by merchants for brick-burning and other purposes to fulfil contract for the Road Cess.

Jaggree	5,792

The increase under this head has been repeatedly explained in previous reports.

Piece-goods, English	1,063

This is a nominal increase, and was due to the approach of the season for Hindu marriages, the import would have been larger but for the existence of a large stock in the market.

DECREASES.

Seed grains	3,099

As the wheat crop has just been harvested, no demand exists elsewhere, the crops all round being good.

Opium	3,890

The outturn of opium has not been so favourable as it was last year.

Salt	2,360

Supply in hands of merchants have not yet been exhausted.

Tobacco	5,011

This cannot be explained; it is not raw tobacco, but manufactured tobacco.

Seeds, oil	35,341

The report of Traffic Searcher shows that traffic under this head will not be as high as it has been the last two years owing to poor outturn and unseasonable rains, which have stained the seed and depreciated its value.

Sundries	1,572

This is composed of miscellaneous articles and consequently cannot be well explained.

Turmeric	1,217

This fluctuates, according to local requirements and also cannot be clearly explained.

INCORRECT CHARTS.

NOTICE TO SHIPOWNERS AND AGENTS.

THE attention of the Board of Trade has frequently been called to cases in which British vessels have been endangered or wrecked through Masters attempting to navigate them by means of antiquated or otherwise defective charts.

The Board of Trade desire, therefore, to direct the special attention of Shipowners and their Servants and Agents to the necessity of seeing that the charts taken or sent on board their ships, are corrected down to the time of sailing. Neglect to supply a ship with proper Charts will in future be brought prominently before the Court of Inquiry in the event of a wreck occurring from that cause.

By order of the Board of Trade.
March 1882.

THOMAS GRAY,
Asst. Secy., Marine Dept.

EDUCATIONAL NOTICES.

THE Calcutta Medical College Session, 1882-83, will commence on the 15th June next.

2. Students who may be desirous of commencing their studies, are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before the 15th June next.

Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled on the list of regular students of the College, who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examinations of the United Kingdom recognized by the British General Medical Council.

4. All regular students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the Summer session on the 15th June, and Rs. 30 for the Winter session in November of each year.

5. Students who have failed to pass, and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the Summer and Winter session respectively.

6. Any regular students of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice outside and in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice	60

7. Any regular student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rates fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a regular student of the College, who may be desirous of attending any course of lectures or any department of hospital practice, may do so with the permission of the Principal and the Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subject taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of honour, are open for competition only to regular students of the College and the Hospital Apprentice class.

10. No fees are payable by the holders of the Calcutta Medical College Scholarships. The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a regular student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

CIVIL LEAVE CODE.

Page 163.

Section 72.

Substitute the following for Rules 1 *to* 4 *under this Section* :—

1. Privilege Leave is not admissible to—

(*a*).—Officers serving in Departments in which regular vacations are allowed, during which the officers are permitted to be absent from duty (*e.g.* Uncovenanted Judicial Officers, Educational Officers, Officers in a High Court.

(*b*).—District and Sessions Judges who are permitted to avail themselves of the periodical court vacations.

But in case of urgent necessity, privilege leave may be granted to any such Officer, under the ordinary rules; subject to the conditions, (1) that the Officer shall during his absence receive only half the salary and allowances ordinarily admissible during privilege leave, and (2) that the leave cannot in any case be combined with vacation.

2. Rule 1 does not apply to the case of an Officer who is, by general or special orders issued by competent authority, prevented in any year from availing himself of the vacation or vacations by reason of his having to remain at his post on duty. In such a case, privilege leave may be granted under the ordinary rules; provided always that the leave shall not in any case be combined with vacation.

3. An Officer who is, by general or special orders issued by competent authority, prevented from availing himself of a part only of a periodical vacation may, during privilege leave subsequently taken, draw his full salary for a period bearing the same proportion, if the vacation be annual, to a month, or if it be half yearly, to half a month, as the time spent on duty during the vacation bears to the whole vacation.

The following orders, issued by the Government of India in the Military Department, are republished for general information :—

CLOTHING.

No. 289.—The Governor-General in Council is pleased to direct the publication of the following correspondence for general information :—

No. 260. *Simla, 22nd July* 1881.

To Her Majesty's Secretary of State for India.

MY LORD MARQUIS,—Having noticed the heavy expenditure annually incurred by the Indian revenues on account of stores imported from England, we have now under consideration the question how best to develop such branches of local manufactures as may admit of reducing as far as practicable the expenditure incurred on the importation of stores from England.

2. There appear good grounds for the expectation that, if the Government of India publicly express their willingness to accept articles of local manufacture in preference to obtaining them from England, private enterprise in many branches of manufacture will sooner or later be forthcoming to compete for such supply. We do not anticipate that articles of local manufacture can in the beginning be equal in all respects to those imported; still we see no reason why they should not in many cases be as durable; and by offering every encouragement to local industry, we hope to obtain articles at rates equivalent to, if not less than, those paid by the Store Department, India Office.

3. We have been led to these remarks by a question recently submitted to us regarding the supply of cloth for the uniform of the Army. At present no cloth suitable for British troops is manufactured in India, but we believe that the fabrication of such cloths in India is by no means impossible; and we would therefore beg to enquire whether there is any objection on the part of Her Majesty's Government to accept for British troops returning home clothing made of any other material save that bearing the Pimlico mark, at the full value of English clothing, if it be of equally good quality. We would at the same time strongly recommend, for the reasons above set forth, that, if suitable cloth of local manufacture should be offered for sale at a favourable price, we be empowered to accept it.

MILITARY, INDIA OFFICE;

No. 423. *London, 15th December* 1881.

To His Excellency the Most Hon'ble the Governor-General of India in Council.

MY LORD MARQUIS,—

Para. 1. I have considered in Council your Military letter No. 260 of the 22nd July 1881, in which you represent that your attention has been drawn to the heavy expenditure annually incurred by your Government on account of stores imported from England, and to

the question of the best means of developing such branches of local manufactures as may tend to reduce this expenditure.

2. Your Government entertain the expectation that, if you publicly express your willingness to accept articles of local manufacture in preference to those obtainable from home, private enterprise in many branches of manufacture will be prepared to undertake the supplies needed by the several Departments of the State. You do not anticipate that locally manufactured articles can at the outset be equal to importations, but you see no reason to doubt their durability in many cases, and you hope, by offering every encouragement to local industry, to obtain articles at rates equivalent to, if not less than, those paid by the Store Department of this Office.

3. You proceed to remark that these observations have arisen in consequence of a question recently submitted to you regarding the supply of cloth for the uniform of the Army. At present no cloth suitable for British troops is manufactured in India, but you believe that the fabrication of such cloths in India is by no means impossible; and you therefore desire to be informed whether there is any objection on the part of Her Majesty's Government to accept for British troops returning home clothing made of any other material save that bearing the Pimlico mark, at the full value of English clothing, if it be of equally good quality.

4. Fully sharing the views of your Government as to the importance of developing to the utmost local industries and manufactures, and of rendering India as independent as possible of home supplies, I caused an enquiry to be addressed to the War Office on the subject of your present letter.

5. You will observe from the reply received from the War Office,* copy of which is enclosed for your information, that the Secretary of State for War states that, although he is not at present in a position to give an unqualified assent to this proposition, inasmuch as no experience has yet been gained as to whether cloth made in India would be equal in quality, colour, and general durability to that manufactured in this country, he will be prepared to give the subject fair consideration when the occasion arises.

* No. 2494 of 19th November 1881.

6. It will now rest with your Government to adopt such measures as you may deem most conducive to stimulate the growth and development of local manufactures essential to the needs of the State in its several departments, and you may rely on my hearty co-operation in any steps which your Government may take with the object of dispensing with supplies from home.

7. In conclusion, I have to add that, in accordance with your recommendation, I entirely approve of your Government accepting any suitable cloth of local manufacture that may be offered for sale at a favourable price.

8. I observe that your Government still indent for clothing for the Native troops and even for the police, and it seems to me desirable that your efforts should first be directed to the object of providing fitting materials for this purpose. The difficulties connected with any change in the material for clothing British troops will not have escaped the notice of your Lordship's Government.

I have, &c.,

SIR,—I am directed by the Secretary of State for War to acknowledge the receipt of your letter of the 5th instant, M.-893-W, forwarding a copy of a letter received from the Government of India, in which enquiry is made whether there would be any objection on the part of Her Majesty's Government to accept for British troops returning to this country clothing made up of cloth manufactured in India of any other material save that bearing the Pimlico mark, at the full value of English clothing, and in reply to acquaint you, for the information of the Secretary of State for India in Council that, although Mr. Childers is not at present in a position to give an unqualified assent to this proposal, inasmuch as no experience has yet been gained as to whether cloth made in India would be equal in quality, colour, and general durability to that manufactured in this country, he will be prepared to give the subject fair consideration when the occasion arises.

I have, &c.,

(Sd.) JOHN ADYE, Lieut.-General.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Bhagulpur, will be put up to sale at the Bhagulpur Collectorate on Monday, 3rd July 1882, corresponding with 3rd Assar 1289 (F. S.).

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price.

The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale

No. A-13.

FROM—THE AUDITORS OF THE ACCOUNTS OF THE MUNICIPAL CORPORATION FOR THE TOWN OF CALCUTTA,

TO—THE MUNICIPAL COMMISSIONERS FOR THE TOWN OF CALCUTTA.

GENTLEMEN,

WE have the honour to report that we have audited the accounts of the Corporation of Calcutta for the year 1881, and have found them correct. They do not call for special notice except in the following particulars.

2. The working of the Kotrundg brickfield by the municipality having been discontinued on the 1st of January 1882, when it was made over on lease to a contractor, it became necessary to close the accounts of this manufactory, and ascertain the net profit or loss that had ensued from it. The result of this settlement of the accounts is a loss of Rs. 63,161-12-2½ representing the depreciation of the materials and plant, the working loss on the brickfield, &c., which must be made good from the revenue of the Corporation. We have sent a more detailed report upon this subject to the Chairman, and hence it is only necessary for us to remark here that the loss of Rs 63,161-12-2½ has not been charged in your revenue accounts of the year 1881, as the result of the transfer of the materials and implements of the brickfield was not known in time, but the amount must be adjusted in the accounts for 1882. The assets of the municipality on the 31st December 1881 have therefore been overstated by this amount.

3. The excesses of the actual over the estimated expenditure will be found in the printed accounts. They require the sanction of the Commissioners in meeting.

4. The block account of the municipality has been reduced during the year by Rs. 19,549-14-3, of which Rs. 7,086-7-1 represents the sale proceeds of surplus lands, and Rs. 12,463-7-2 the depreciation of the Entally machinery.

5. We have to report that during the first two or three months of the year the vouchers passed by the Engineer bear his stamped instead of his written signature. This practice has been discontinued, but no correction of the vouchers which bear the stamped signature has been made.

We have, &c.,

E. ATKINSON,
Offg. Comptroller-General.

WILLIAM H. DOBBIE,
Assistant Comptroller-General.

FROM—THE AUDITORS OF THE ACCOUNTS OF THE CALCUTTA POLICE,

TO—THE MUNICIPAL COMMISSIONERS FOR THE TOWN OF CALCUTTA.

GENTLEMEN,

WE have the honour to inform you that we have audited the accounts of the Calcutta Town Police for the year 1881, and have found them to be correct.

2. We annex the usual annual statement of receipts and expenditure, and a copy of the balance sheet of the 31st December 1881. In this annual account, which has been passed by us as correct, will be found a comparison of the actual receipts and expenditure with the estimates. The only differences which call for remark in this report are those relating to the surplus of the Additional Constables Fund, and the contribution by the Suburban Municipality towards the expenses of the Chowkeedars' Hospital. In regard to the former we would point out that, at the close of the year instead of estimated surplus of Rs. 5,000, there was a deficit of Rs. 376-3 which, however, is fully covered by bills realized from the Corporation of Calcutta in 1882, on account of the services of policemen employed in 1881 to regulate the jute traffic. Owing to this realization, we have allowed the deficit to remain in the Additional Constables Fund as balance carried forward to the next year. We may add that the income of this fund appears year by year to have been over-estimated.

3. The deficiency in the receipts from the Suburban Municipality on account of the expenses of the Chowkeedars' Hospital is due to a refund made to that municipality under the orders of Government of the excess amount contributed by it on this account in past years, the contribution having been calculated upon the estimated instead of upon the actual expenditure on the hospital.

4. We have to notice that during the year 1881, the duty of signing all bills for the services of policemen lent to public institutions, &c., has been transferred from the Commissioner or the Deputy Commissioner of Police to the Head Assistant. The alteration of practice has the effect of weakening our check upon such receipts.

5. We have seen the safe custody receipt of the Bank of Bengal for the Government Promissory Notes belonging to the Calcutta Police Superannuation Fund, and for those deposited by the Cashier as his security, and have also analysed the advance and deposit accounts.

We have, &c.,

E. ATKINSON,

REPORT ON THE WORKING OF THE JUTE WAREHOUSE ACT IN CALCUTTA DURING 1881-82.

No 15, dated Calcutta, the 8th May 1882.

From—H. L. HARRISON, Esq., Chairman of the Corporation of the Town of Calcutta,

To—The Secretary to the Government of Bengal.

I HAVE the honour to submit the following report on the administration of the Jute Warehouse Act, V (B.C.) of 1879, for the year ending 31st March 1882.

2. The year 1880-81 closed with a total number of 73 licensed jute warehouses on the register. Licenses were taken out for all of them for the year under report with the exception of two, viz. 62, Nimtollah Ghat Street and No. 3, Sukea's Lane, which were closed. A license was, however, cancelled; the warehouse at No. 5, Hurro Chunder Mullick Street having been found unfit for storage of jute, was struck off the register from the month of July.

3. The premises mentioned below were also licensed during the year:—

(1) A license was issued to the new warehouse at Nos. 109-111, Durmahattah Street, which had remained to be licensed of the five completed last year.

(2) The new warehouse constructed under sanction at No. 15, Hurro Chunder Mullick's Street, was granted a license at the special meeting held on the 19th July.

(3) The closed warehouse Nos. 1 to 5, 10 to 15, Manick Bose's Ghat Street, was reopened and licensed at the special meeting of the 29th November.

A detailed list of the jute warehouses licensed within the town for the year under report is annexed. When jute warehouses holding their licenses under

Act II of 1872 are closed, a license is only granted if reopened under Act V of 1879, and the condition about providing space for loading and unloading carts insisted on.

4 Besides the above, applications were received for licensing the undermentioned houses:—

(1) The closed warehouse at No. 5, Doorga Churn Mookerjee's Street.
(2) Ditto at No. 90, Sobha Bazar Street.
(3) Two pucca godowns at No. 80, Durmahattali Street.
(4) No. 1, Noyan Soor Ghat Lane.

The warehouse (1) having provided space for loading and unloading of carts, a license was passed for it at the special meeting, held on the 28th February, and recommendations have been made for granting licenses to (2) and (3). The remaining case is pending.

5. Three applications were received with plans for new jute warehouses, but as the premises proposed had not complied with the conditions laid down in the Act, they were not sanctioned.

6. There were 11 prosecutions under sections 14 and 15 of the Act for drying loose jute on the roofs of jute godowns without permission from the Commissioners; convictions were obtained in all these cases, and the fines imposed amounted to Rs. 280.

7. One case of fire occurred in a jute warehouse. A fire broke out on the extensive jute premises of the Riverside Press Company, "Limited," at 9 A.M. on the 24th of February, destroyed the buildings, and consumed a large quantity of jute; and it was mainly through the exertion of the Fire Brigade that the jute godowns and other properties in the neighbourhood were saved. The loss in all is estimated at Rs. 2,60,000. The real cause of the fire has not been ascertained, though special enquiries were made. Many persons suspected that it was the act of an incendiary, but no evidence in support of this surmise could be obtained.

8. As the Commissioners of the Town of Calcutta could not see their way to adopt the recommendations of Government to extend the provisions of the Jute Act to other combustible commodities to cover the deficiency of the Jute Fund, it was decided that if the assets under the Act, together with the fees, &c. (not yet levied), accruing under the Petroleum Act, VIII of 1881, which have been sanctioned as a contribution towards the expenses of the Fire Brigade, prove insufficient to meet all the charges payable under the Act, the deficit will have to be made up by a contribution from the general fund.

9. The statement below gives an account of the receipts and disbursements of the fund for the year under review:—

RESOLUTION ON THE REPORT OF THE LUNATIC ASYLUMS IN BENGAL FOR THE YEAR 1881.

MEDICAL AND MUNICIPAL DEPARTMENT.—MEDICAL.

Da jeeling, the 26th May 1882.

RESOLUTION.

READ—

The Report on the Lunatic Asylums in Bengal for the year 1881.

The Reports for previous years and the Resolutions of Government thereon.

DURING the past year the orders of the Government of India regarding the admission of patients, issued in 1876, appear to have been carried out. Under these orders admissions into lunatic asylums are restricted to criminal lunatics, and to such others as are absolutely dangerous, or are without friends or resources and yet require medical treatment for their recovery.

From 1876 there has been a steady decline in the number of patients in confinement. The Surgeon-General is, however, of opinion that no further reduction of numbers is to be expected from these restrictive orders, and the number of first admissions for the last three years seems to point to this conclusion. Though the number fell from 196 in 1878 to 173 in 1879, it increased to 183 in 1880, and during the past year it rose to 188. The number of readmissions, however, fell from 33 in 1880 to 25 in 1881. The total number of admissions and readmissions was therefore 213 in 1881, as compared with 216 in the previous year.

2. The asylums afford accommodation for 1,015 patients. The average number in confinement in the different asylums is shown in the following table :—

Asylums.	Capacity on 50 superficial feet.			Average daily number confined.		
	Males.	Females.	Total.	Males.	Females.	Total.
Dullunda	246	47	293	161·9	41 86	206 76
Dacca	167	50	217	169	40 63	209·63
Patna	190	70	260	163·93	56·03	219 96
Cuttack	32	11	43	45 6	5 9	51·5
Berhampore	147	55	202	130 16	52·23	182·39
Total ...	782	233	1,015	673 59	196 65	870 24

The number of inmates in the Dacca Asylum for a short time exceeded by 10 the nominal capacity of the wards. In Cuttack also the average number of males was somewhat in excess of the scale. As has been explained in previous reports, however, there is no real overcrowding in this Asylum, as harmless lunatics are allowed to sleep in the verandahs which are not included in the estimate of available space.

3. The number of recoveries in 1881 was 93 as compared with 73 in 1880, the percentage reckoned on the mean daily population being 10·68 against 8·27 in 1880, and an average of 16·27 in the 10 years 1871 to 1880. This result is satisfactory, especially when the strict orders regarding admissions are borne in mind. The increase in the number of recoveries is attributed to the large number of persons admitted who were suffering from acute or curable mania. Dr. Payne observes, with reference to the average number of recoveries being less than the average from 1871 to 1880,—

"The decrease from the average is explained by the greatly reduced admissions of the later years. Calculated on absolute numbers admitted, the proportion of recoveries was larger not only than that of 1880, but also than the decennial average."

4. In his report for 1880, the Surgeon-General stated that the consequence of the restrictions on admissions would probably be an increase in petty crime, and a corresponding increase in the number of lunatics committed to asylums by judicial officers, and he promised to submit a statement of the crimes with which criminal lunatics committed to lunatic asylums were charged. A very elaborate and interesting table has been submitted with the present report, showing the offences with which the criminal lunatics, who were admitted into the asylum between 1871 and 1880, were charged. The returns do not show any marked increase in the number of lunatics committed for any specific offence, though the total admissions and re-admissions increased gradually

rates and taxes on buildings attached to asylums; (3) the cost of printed forms and stationery, and (4) the cost of European medicines. The total outlay under these heads in 1880 was Rs. 8,605-10-1, and this amount added to the expenditure shewn in the statements which had at that time received the sanction of Government amounted to Rs. 90,018-1-0. After omission of fractions of rupees, the expenditure for the two past years on account of ordinary and extraordinary charges stands as follows:—

		1880.	1881.
		Rs.	Rs.
Ordinary expenditure	Cash expended (inclusive of money expended for paying patients) ...	70,494	66,398
	Value of articles made over for asylum use ...	10,919	11,257
Extraordinary expenditure		8,606	16,128
	Total ...	90,019	93,783

These figures show that, while the total expenditure was greater by Rs. 3,765 than that in the preceding year, the increase was altogether under the head of extraordinary expenditure, the amount which was expended under the head of ordinary expenditure showing decrease of Rs. 3,757. The chief causes of the increase under the head of extraordinary expenditure during 1881 as compared with 1880 were (1) an increase under the head of building charges from Rs. 7,329 in 1880 to Rs. 15,328 in 1881, and (2) the increase in cost of medical stores from Rs. 362 in 1880 to Rs. 570 in 1881.

The amount received from friends of patients during the year was Rs. 1,977-1-4, and the actual profit from manufactures was Rs. 7,511-14-6.

9. The total cost on account of establishment, inclusive of establishment proper and superintendence, was Rs. 41,725 against Rs. 42,590 in 1880, the cost per head being reduced from Rs. 48-4-10 to Rs. 47-15-2. The following statement shows the actual cost of superintendence and of establishment proper, as well as the average cost per head:—

Asylum.	Actual cost of superintendence.		Actual cost of establishment proper.		Cost per head.		
	1880.	1881.	1880.	1881.	Superintendence.	Establishment proper.	Total.

In the Resolution on the report for 1880, the Lieutenant-Governor remarked on the difference in the strength of the establishments in the various asylums, and observed that there appeared to be at Dullunda a want of economy both as regarded the strength of the establishment and the rate of pay. The Lieutenant-Governor is glad to observe that some improvement has been effected under this head; in the Dullunda Asylum the services of one jemadar, four keepers, one female keeper, and the baker have been dispensed with, while the pay of the carpenter has been reduced from Rs. 30 to Rs. 24, and that of the bhistee, who drew Rs. 10, to Rs. 8. In consequence of these changes the expenditure on establishment proper in the Dullunda Asylum was reduced by Rs. 418.

10. The following table shows the actual profits in the various asylums in 1880-81:—

	1880.	1881.
	Rs.	Rs.
Dullunda	1,915	1,975
Dacca	3,208	3,218
Patna	1,913	1,394
Berhampore	966	1,067
Cuttack	210	—143(loss)

The value of the goods made over to asylums for use was Rs. 11,257 as compared with Rs 10,918 in 1880, and the value of those sold in the asylums was Rs. 19,444 as against Rs. 19,285 in 1880. The profits, as representing the excess of receipts over expenditure, were Rs. 6,947 against Rs. 7,486 in 1880. The actual profits, however, after making allowance for the difference in the value of raw and manufactured materials in stock at the commencement and end of the year, and the difference in the value of plant and machinery in store, were Rs. 7,511.

11. The comparative cost of diet per man was as follows:—

	1880.	1881.
	Rs. A. P.	Rs. A. P.
Dullunda	45 1 5	41 13 5
Dacca	42 3 9	37 7 8
Patna	26 13 1	23 11 0
Cuttack	22 5 6	18 15 10
Berhampore	33 8 10	28 9 10

The total expenditure was only Rs. 27,915 in 1881 as against Rs. 31,669 in 1880, while the average cost per head was reduced from Rs. 35-14-8 to Rs. 32-1-3. The decrease was due to the lower price of food, and the effect of this fall in price is a diminished expenditure in every asylum. There has been a steady decrease in each asylum since 1878, in which year the cost per man was in Dullunda Rs. 56, Dacca Rs. 65, Patna Rs. 55, Cuttack Rs. 36, Berhampore Rs. 44. It must, however, be borne in mind that these figures are somewhat higher than they would have been had not the full market value of the articles of diet manufactured in the asylums been entered as expenditure.

13 The number of patients in the European Insane Asylum at Bhowanipore at the commencement of the year was 24, and 20 patients were admitted or re-admitted during the year. The number of cases under treatment was 44. Of these six were discharged cured, eleven were transferred, seven died, and twenty were remaining under treatment at the close of the year. The number of deaths was unusually large, the number in the preceding year being only two. The Surgeon-General gives the following details regarding the seven cases:—"One (death) resulted from an accident. It was made the subject of judicial enquiry * * *. One person, admitted in 1879 in a very weak state, had been at the point of death several times in the course of his residence, but lived till August 1881. A third, the subject of constant epileptic fits, died ultimately of phthisis. A fourth, admitted in a state of furious phrenzy, died in a few days from consequent exhaustion in a convulsive fit. A fifth, a chronic epileptic, many years resident in the asylum, was finally exhausted by the condition. One death resulted from dysentery and one from innutrition. There was in the latter case obstinate refusal of food which was the chief cause of her reception into the asylum. Forcible feeding prolonged her life for several weeks." It thus appears that the deaths are not to be attributed to the situation or unhealthiness of the hospital itself or the treatment of the patients. The total expenditure was Rs. 22,160, as compared with Rs. 20,475 in 1880. The increase is attributable to the purchase of clothing and verandah curtains, and to the increase in the salary of the matron, whose pay was raised by Rs. 100 *per mensem*. The average cost of diet in each class was, as in the case of the other asylums, lower than in 1880. The amount recovered on account of paying patients, and remitted to the treasury, was Rs. 11,794 as compared with Rs 8,987 in 1880.

14. The report is very full and satisfactory, and shows that the different asylums have been well managed by the officials and efficiently supervised by the superior officers, with the exception of one case at Dacca, where an overseer was dismissed for gross misconduct, the work of the subordinates at all the establishments has been favourably noticed. The Lieutenant-Governor is glad to be able to recognize the continued successful administration of the Department during the past year.

By order of the Lieutenant-Governor of Bengal,

COLMAN MACAULAY,

Secretary to the Government of Bengal.

The mean pressure, temperature &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction of the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

METEOROLOGICAL OFFICE, BENGAL,
The 26th May 1882.

JOHN ELIOT,
Meteorological Reporter to the Govt. of Bengal.

Salt ... ... 52,587 Mds.

This important staple still continues to improve, a marked increase being observable in the traffic to all stations.

Sugar ... ... 26,144 Mds.

The continued increase in this staple must be considered satisfactory. The whole of the additional weight has been brought from Kissengunge, where the production of this commodity seems to have largely increased.

Tobacco ... ... 12,562 Mds.

This staple fluctuates from month to month. The increase of one month about counterbalances the decrease of another.

Miscellaneous ... ... 1,50,723 Mds.

About three-fifths of this increase is owing to materials forwarded to Ranaghat station for the Bengal Central Railway It would appear, however, that the minor heads of traffic continue to share in the general improvement exhibited by the other more important staples.

Decreases.

Hides in bundles ... ... 2,863 Mds.

Do. in bales ... ... 207 „

Total ... 3,070 „

The stock of hides has been accumulating in the Calcutta bazar for some time, and prices have in consequence declined. This has had the effect of keeping back supplies from Dacca and other stations.

Piece-goods (European) ... ... 12,093 Mds.

It is difficult to obtain with accuracy the reason for this somewhat large decrease. It is probably due to large stocks having accumulated in mofussil bazars, and will no doubt revive as the same are cleared out.

Seeds ... ... 24,773 Mds.

The decrease observable during the whole of this year still continues. Linseed, which is one of the principle commodities under this head carried over the Railway, having declined to a lower price than has ever yet been touched.

Tea ... ... 1,469 Mds.

The large quantities of this staple carried in former months in the face of the present decrease would show that the stocks of last season's growth have now been cleared out.

Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of April 1882.

GENERAL REMARKS.

The reduced rate for low class tobacco is (as will be seen by the figures given under the head of tobacco) having an appreciable effect on the traffic. The weight carried during the month under review, as compared with the corresponding month of last year, shows an increase of 75 17 per cent.

Increases.

Ginger ... ... Mds. 768

There has been a demand during the month for shipment to the coast ports. The weight shipped from Calcutta from 1st January to date is 1,218 maunds against 1,078 maunds for the same period of 1881.

Gunny ... ... Mds. 7,318

The total weight lifted in this staple during the month stands at 12,753 maunds against 5,435 during April 1881, and if the demand for hand-made bags continues, and no sudden rise takes place in the price of jute, the traffic is likely to be lasting.

Jute ... ... Mds. 50,807

From careful enquiries made in the district, it appears that fully one third of last season's crop is still in the country being held in the hope of better rates. The market during the month has been most unfavourable to despatchers, prices having ruled fully 3 to 4 annas a maund lower, and sales difficult even at the lower rate. The large increased weight carried under such adverse condition is therefore very satisfactory.

Piece-goods ... ... Mds. 571

Bearing in mind that comparison is being made with a heavy month's traffic, the increase shown may be taken as a proof that this class of goods is steadily being drawn to the rail.

Railway material ... ... Mds. 20,030

Heavy despatches of locomotive coal are again the main cause of the increase shown under this head. A large quantity of ironwork for the bridge on the Dinagepore extension has also been carried during the month.

Salt ... ... Mds. 13,170

45,454 maunds of this commodity have passed over the line this month against 32,284 maunds in April 1881. The steady increase under this head is most encouraging.

Tea ... ... Mds. 1,985

The season manufacture may now be said to be in full swing all over the Darjeeling district, and the extra weight carried is the natural result of previous bad months.

Tobacco ... ... Mds. 14,332

The traffic in this staple is, as will be seen from the figures given below, steadily on the increase, and it is hoped that, as the season advances and the advantages of the low rates become better known and appreciated, the result will justify the low rate at which tobacco is now being carried.

All other goods ... ... Mds. 6,152

This increase is in downward traffic, and is made up of the various commodities (which do not come under special headings).

Decreases.

Ale ... ... Mds. 1,922

Comparison is made with abnormally heavy despatches during April last year, 3,690 maunds having been carried during that month. The weight lifted during the month under review is more than a fair average month's traffic in this article.

Food-grain ... ... Mds. 41,226

The decrease under this head has been fully explained in previous reports.

Sugar ... ... Mds. 1,186

The removal of the restriction on manufactured sugars does not appear to be having the effect that was anticipated On and from 1st March 1882 the rate for all bagged sugars, whether manufactured or raw, was fixed at 1st class, but no increase has resulted from the reduction.

CHITTAGONG, *the 29th May* 1882.

EDUCATIONAL NOTICES.

THE Calcutta Medical College Session, 1882-83, will commence on the 15th June next.

2. Students who may be desirous of commencing their studies, are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before the 15th June next.

Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled on the list of regular students of the College, who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examinations of the United Kingdom recognized by the British General Medical Council.

4. All regular students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the Summer session on the 15th June, and Rs. 30 for the Winter session in November of each year.

5. Students who have failed to pass, and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the Summer and Winter session respectively.

6. Any regular students of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice outside and in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice	60

7. Any regular student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rates fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a regular student of the College, who may be desirous of attending any course of lectures or any department of hospital practice, may do so with the permission of the Principal and the Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subject taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of honour, are open for competition only to regular students of the College and the Hospital Apprentice class.

III.—Rules for the suspension and dismissal of Mukhtiars, and for prescribing and imposing fines (Section 16, Clause (d) and final paragraph, Act XVIII of 1879.)

6. Any Mukhtiar who shall be guilty of a breach of any of these rules shall be liable to a fine not exceeding Rs. 500, and also to suspension.

7. Any Mukhtiar who, in the opinion of the Court, shall have been guilty of dishonesty or gross misconduct in his profession, may be suspended or dismissed.

2. Students who may be desirous of commencing their studies, are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before the 15th June next.

Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled on the list of regular students of the College, who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examinations of the United Kingdom recognized by the British General Medical Council.

4. All regular students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the Summer session on the 15th June, and Rs. 30 for the Winter session in November of each year.

5. Students who have failed to pass, and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the Summer and Winter session respectively.

6. Any regular students of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice outside and in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice	60

7. Any regular student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rates fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a regular student of the College, who may be desirous of attending any course of lectures or any department of hospital practice, may do so with the permission of the Principal and the Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subject taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of honour, are open for competition only to regular students of the College and the Hospital Apprentice class.

10. No fees are payable by the holders of the Calcutta Medical College Scholarships. The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a regular student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 212.

Dated the 5th June 1882.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of Patna, Gya, Shahabad, Mozefferpore, Durbhunga, Sarun, and Chumparun districts, for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

Major, M.S.C.,
Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a Report by the Chairman of the District Road Committee, Patna, on the Committee's operations for the cess year 1880-81.

THE Act has worked fairly well. The total demand of cess for the year was Rs. 1,60,314 against Rs. 1,60,456 of the previous year, while the amount actually collected was Rs. 1,68,721-4-0, or Rs. 8,175-6-7, more than that of the year preceding. The collections will be still better in future, as the means provided for in the new Act for realizing the arrears becomes generally known to the landholders.

The District Committee has, as usual, worked exceptionally well. The members have begun to appreciate the usefulness of well constructed roads, and freely give their opinions regarding the projects that are laid before the Committee. With the exception of the Barh Branch Committee, all other Branch Committees have worked satisfactorily.

The expenditure on village roads was Rs. 4,933 against Rs. 958-13-0 in the preceding year. The greater part of this sum was spent on opening up a side track along the foot of the Gya Railway line.

The planting of trees on the sides of roads received proper attention. The trees so planted out were monthly obtained from nurseries established about the district. In addition to 78 miles of roads planted out last year, 43 miles were planted to fill up vacancies created by trees dying.

The different establishments under the Committee have worked satisfactorily.

C. T. METCALFE,
Chairman, District Road Cess Committee, Patna.

G. A. GRIERSON,
Vice-Chairman, District Road Cess Committee, Patna.

Abstract of a Report by the Chairman of the District Road Committee, Gya, on the Committee's operations for the cess year 1880-81.

THE collections made during the year attained a percentage of 99·6 on the demand, which is satisfactory. Of the amount outstanding at the end of the year, Rs. 10,676 have been since realized, and for the recovery of the balance certificates have been filed as required in section 98 of the Cess Act.

The Branch Committees have generally shown far more interest in the work under their charge than hitherto, and have, on the whole, been of great assistance to the District Committees.

No work of any special importance or difficulty was completed on the district roads during the year. The Branch Committee of Aurungabad has been very energetic in constructing and repairing village roads, and has at length succeeded in inducing zemindars to undertake the charge of roads leading to their own villages.

The Branch Committees of Jehanabad and Nowadah have failed, however, in their efforts in this direction, but have spent nearly the entire allotments for such roads in their sub-divisions. The village roads in the Sudder sub-division have been repaired under the immediate control of the Vice-Chairman of District Road Committee.

About 6,000 trees have been planted out during the year from the nurseries at Gya, Bela, and Aurungabad. The road from Gya to Morhur, 12 miles, and that from Gya to Shergotty, 21 miles, have new trees planted out along their entire lengths. The road from Gya to Dhobi has also been planted with trees up to the junction with the cross road from Budh-Gya, and every road in the Aurungabad and Sudder sub-divisions have also been similarly provided for one or two miles of their lengths. There is no nursery at present at Nowadah, but one will be started at that place. Nurseries are being established at each of the inspection bungalows where ground is available. Efforts have been made to induce villagers and others to plant trees along the road side near their own villages, and two miles of the road from Aurungabad to Moharajgunge have been so planted, the cultivator receiving four annas for each tree after it has been in the ground one year, and four annas more when it has been down two years, provided it is strong and healthy, after which it becomes the property of the Road Cess Department.

The District Engineer and other establishments under the Committee have been reported to have worked well and satisfactorily.

M. FINUCANE,
Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Committee, Shahabad, on the Committee's operations for the cess year 1880-81.

THE collections of cess during the year were satisfactory.

The Committee met three times during the year, and in every case there was an attendance sufficient to form a quorum. The members showed great interest in their work.

The roads in the district were generally kept in good condition, and a marked improvement was made on the village roads in the Sudder sub-division. In Buxar and Bhabua sub-divisions the administration of the funds at the disposal of the Branch Committees needs much attention.

Rs. 16,278 were expended during the year on village roads, principally on the maintenance of old-established tracks; but much remains to be done in the way of opening out and improving village paths and cart tracks.

Upwards of 23,000 selected fruit-trees of between one and two years' growth, have been planted out from the eleven nursery gardens referred to in last year's report on 84 miles of road, making a total of upwards of 100 miles of road now planted with young trees.

All the establishments under the Committee worked satisfactorily, except two subordinates under the Branch Committees, whose unsatisfactory work necessitated dismissal in one instance and prosecution in the other.

EXPLANATORY NOTE.

Establishment and Contingencies of the Office of Collection.

	Rs.
Amount as per budget	8,161
Ditto spent	8,885
Excess over budget	724

This excess is partly due to the payment of salaries of office establishments for the month of September 1881 during that month for the approaching Durga Poojah holidays, which commenced on the 28th idem, and partly to the appointment of extra establishments for the collection of arrears, and for writing out certificates and notices for service on the defaulting estates. The excess expenditure has been met from the larger amount of process fess realized than was budgetted for.

Establishment and Contingencies of Committee's Office.

	Rs.
Amount as per budget estimate	1,350
Ditto spent	1,434
Excess over budget	84

This excess is due to the payment of value of forms and of subscription to the *Calcutta Gazette*, and to some petty expenditure. This excess has been met from the savings on works.

Stationery and Printing.

	Rs.
Amount as per budget	50
Ditto spent	118
Excess over budget	68

This excess is due to the charge of printing annual accounts and reports for the year 1878-79, being more than was budgetted for. The excess expenditure has been met from the savings on works.

Original Works.

	Rs.
Amount as per budget	68,681
Ditto spent	62,963
Savings on budget grant	5,718

Repairs.

	Rs.
Amount as per budget	65,092
Ditto spent	54,083
Savings on budget grant	11,009

The expenditure on original works and repairs, for which there are no budget allotments, and in which the budget allotments have exceeded, have been met from the total savings of budget allotments on original works and repairs respectively.

Staging-bungalow Establishment and Contingencies.

	Rs.
Amount as per budget	366
Ditto spent	412
Excess over budget	46

This excess is due to the purchase of certain articles for the Arrah Dâk Bungalow, and has been met from the savings under the head "Petty construction and repairs" of staging-bungalows.

F. H. BARROW,
Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Committee, Mozufferpore, on the Committee's operations for the cess year 1880-81.

ELEVEN meetings of the District Road Committee were held during the year which were fairly well attended by the members. The Branch Committee of Hajeepore held eight, and that of Seetamurhee six, meetings. The former Committee had 400 miles of village roads, and the latter 433 miles, under their charge. Both of these Branch Committees have kept their roads in good order, and have taken much interest in their work.

Of 1,636 miles of roads in the district, 765 miles are main trunk roads, and 871 miles village roads. The former were kept in good repair throughout the year, and the latter were fairly repaired; but several of them were impassable for cart traffic during heavy floods of the past rainy season.

The tree-planting operations have been chiefly confined to filling up vacancies on 224 miles planted during the previous years, and 2,500 young trees have been planted out from the nurseries. At the close of the year, the nursery in the Mozufferpore dawk-bungalow compound contained 1,500 trees, and at the District Engineer's house 2,500 trees; principally fruit-bearing trees.

The several establishments under the Road Cess Committee have done their work satisfactorily.

Abstract of a report by the Chairman of the District Road Committee, Durbhunga, on the Committee's operations for the cess year 1880-81.

The demand of cess for the year was Rs. 1,62,240 and the total collections were Rs. 1,40,865. The arrears of cess in current and previous years, which remained unrealized at the end of the year under report, amounted to Rs. 47,662. Efforts are now being made by the Collector to realize this heavy outstanding. The percentage of collections last year was 85.

Th general state of the main roads in the district, with the exception of those in the Tajpore sub-division, has been good during the year.

The total amount provided for repairs of village roads in the district was Rs. 10,000, and the whole of this allotment was spent during the year The al otment made for planting trees amounted to Rs. 1,884, out of which Rs. 1,290 were spent, partly in planting out new trees, and partly in maintaining the trees already planted in previous years.

All the establishments under the Committee worked satisfactorily with the exception of the engineering staff from which two overseers had to be removed during the year for inefficiency.

Form of Audit Certificate.

I HEREBY certify that the books and accounts specified below* prescribed for the Road Cess office and for the office of the District Engineer are duly kept up, and that they have been posted for the year 1880-81 and have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstracts of the account of the Committee for the months have been duly received, checked with the cash and pass-books, and found to agree therewith (except† in respect of uncashed cheques which are above enumerated, and have been duly noted in the cash-book);

that the vouchers for the payments of all the month have been cancelled;

that all necessary steps have been taken for the recovery or adjustment of outstanding advances;

that none but duly sanctioned expenditure has been incurred, and that in the case of original works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the month;

and generally that the work of the office has been performed with carefulness and regularity, and with a due observance of the rules prescribed by Government.

Abstract of a report by the Chairman of the District Road Committee, Sarun, on the Committee's operations for the cess year 1880-81.

THE state of the roads in the district is good. The main roads are not worse than last year, and the village roads are much better. Considerable attention was paid this year to the improvement of village roads. The most important of these roads have been marked out by the District Engineer, and money was advanced for their repairs to zemindars, planters, and others who closely supervised the expenditure.

About 12 miles of the Chupra-Sewan road have been planted with mango trees, and it is proposed to plant 12 miles more in the cess year 1881-82. Nurseries were established in the Chupra serai compound, and in the compounds of all inspection bungalows.

The steam-communication between Sarun and Patna districts, established in 1880 at the instance of the Sarun Road Cess Committee, has been attended with success.

The several establishments under the District Road Cess Committee have worked satisfactorily.

Explanatory sheet to accompany the Annual Accounts.

Road Cess.—The collection of road cess was 83·26 of the demand. The failure to collect a higher percentage was chiefly due to the introduction of the certificate procedure for the realization of this cess. A full explanation on the subject has been given in the road cess annual report for the cess year 1880-81, a copy of which was submitted to the Commissioner, with Collector's No. 10 of 23rd December 1881.

Refund of Cess.—Rupees 311-12-6 represent double assessments realized from the cess payers, and subsequently refunded (as per orders of the Commissioner, conveyed in his No. 72R of 3rd May 1880, and No. 175, dated 22nd June 1881).

Refund of other Receipts.—Rupees 38 represent the rent of a Government bungalow at Sewan. This amount was at first credited to the district road fund, but was subsequently refunded (as per Treasury Officer's No. 410T of 29th July 1881).

Process Peons.—Under the head there was an expenditure of Rs. 659-12-7 in excess of the budget grant. This was due to the employment of ten additional peons for service of certificates for the realization of road and public works cess arrears as per orders of the Commissioner, conveyed in his No. 53R, dated 22nd April 1881.

Establishment under Committee.—The excess expenditure of Rs. 197-14-11 is due to the payment of the salary of the establishment under the Committee for September 1881 within the cess year under review, and also to the payment of the salaries of the Accountant under the Gopalganj Branch Committee for the month of August 1880, and one day of July 1880. The extra charges were met from savings on the budgetted expenditure.

Original Works.—The figures marked with an asterisk indicate the sums which were sanctioned subsequent to the submission of the budget estimate for works against which they are shown. The necessity for so doing arose in consequence of certain estimates having exceeded the budget grant, and also on account of some new works, urgent and unforeseen. The amount of extra sanctions was met from the savings on other works. The sums sanctioned for original work under village roads were transferred from the grant made for the repairs of village roads.

The following original works were not completed, owing to the failure of the contractors to manufacture the bricks needed.

Constructing a bridge of two openings of 12′ each 30th mile of road No. 18.

Ditto a culvert of 5′ span and 5′ F H 38th mile of road No. 23.

Ditto a bridge of two openings of 9′ span on the 19th mile of road No. 33.

Repairs.—Some of the works under the head of repairs exceeded the budget grants. This was due to repairs having to be done to certain roads and bridges injured by the flood. The additional cost was met from savings on other works.

Repairs to Bridges.—No expenditure was incurred on the following bridges, as no contractor came forward to undertake their repairs, owing to their being far apart from each other and requiring only petty repairs:

Bridges on roads Nos. 6, 7, 15, 18, 19, 22, 29, 34, 35, 36, 43, 45, 49, and 50. These bridges remain serviceable.

Engineer's Establishment.—The excess of Rs. 1,076-5-6 under this head is due to the payment of salaries of the establishment for September 1881 within the cess year under review, and also to the payment of the District Engineer's salary for March 1880

Miscellaneous.—The expenditure under this head was incurred from the district road fund on account of payment of the hire of the steamers *Darh* and *Midnapore*, subject to its recovery from the contractors.

Advances.—The advances made to planters and others for repairing village roads have been adjusted, excepting a small amount outstanding against the Sub-Divisional Officer of Gopalganj and Mr. Macgregor.

Stationery.—Rupees 15-1 previously charged to Engineer's establishment have been corrected in the annual accounts by a transfer to the head of stationery.

Abstract of a Report by the Chairman of the District Road Committee, Chumparun, on the Committee's operations for the cess year 1880-81.

The cess was collected with little difficulty, and payments made with punctuality. The amount outstanding at the end of the year was Rs. 3,285, out of which Rs. 1,283 has since been collected. There are, however, great abuses in the realization of the cess from the cultivators, which cannot be put an end to, until the law regarding the exaction of illegal cesses and the withholding of receipts for rent is made much more definite and stringent than it is at present. These abuses are steadily discountenanced in the Bettiah Estate.

There were five meetings of the Sudder District Committee during the year. The majority of the members being indigo-planters, it was almost impossible to obtain their attendance during the rainy season.

No meetings were held by the Bettiah Branch Committee, the members of which appear to have taken little interest in their work.

1,164 miles of district roads have been maintained and kept in good order during the year, and 81 village roads have been repaired, and small bridges and culverts built on some of them.

32,957 trees have been planted along the roads, and a great number of the trees planted in former years are growing well.

The different establishments under the Committee have worked satisfactorily.

Form of Audit Certificate.

WE hereby certify that the books and accounts specified below,* prescribed for the Road Cess office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1880-81, and they have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstract of the account of the Committee for the year has been duly received and checked with cash and pass-books, and found to agree with, except in respect of uncashed cheques, which are above enumerated, and have been duly noted in cash-book.

That the vouchers for the payments of the year have been cancelled; that all necessary steps have been taken for the recovery or adjustment of outstanding advances; that none but duly sanctioned expenditure has been incurred; and that, in the case of original works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the year, and generally that the work of the office has been performed with carefulness and regularity, and with a due observance of the rules prescribed by Government.

J. WARE-EDGAR.

(Name—Unintelligible.) A. BUTLER.

No. 111Ct., dated Camp Sherghatty, the 27th February 1882.

From—F. M. HALLIDAY, ESQ., Commissioner of the Patna Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the road fund reports and accounts received from the several districts of this division for the cess year 1880-81 with the following remarks.

2. I regret the delay which has occurred in the submission of this report It is due to the non-receipt of the district reports on the due date. With the exception of the one from Gya all other reports were received late in this office, the last from Patna having reached me on the 15th instant.

3. The Road Cess Act appears to have worked fairly well in all the districts of this division. Of the total estimated demand of Rs. 10,42,582, Rs. 10,06,745 were collected during the year under review, thus showing an increase of Rs. 20,761 over the collections of the preceding year. The collections have been satisfactory in all the districts of this division except Durbhunga and Sarun.

4. I beg to submit herewith a statement showing the details of the income and expenditure of the road fund for the year under report in the several districts of this division. It will be seen that the receipts from all sources amounted to Rs. 12,16,610 inclusive of a sum of Rs. 1,62,560 on account of suspense account, viz. Rs. 1,54,109 under head advances and Rs. 8,451 deposits. Adding to this sum the balance outstanding on the 1st October 1880, which amounted to Rs. 3,81,026, the aggregate receipts come to Rs. 15,98,536 against Rs. 14,90,222 provided for in the budget. The increase in the actual receipts is chiefly due to the fees, fines, and forfeitures, miscellaneous, &c. The total expenditure during the year was Rs. 12,93,343, inclusive of Rs. 1,59,867 representing the suspense account against Rs. 14,21,308 provided for in the budget.

5. The estimated and actual expenditure for the year 1880-81, and the actuals for the two preceding years, are given below—

	Estimated expenditure, 1880-81.	Actuals, 1880-81.	Actuals, 1879-80.	Actuals, 1878-79.
	Rs.	Rs.	Rs.	Rs.
Original works	7,05,218	5,27,580	4,81,072	3,19,954
Repairs	4,51,670	3,50,048	4,79,499	3,24,472
Establishment	1,52,728	1,46,464	1,58,192	1,47,467

6. The expenditure under the heads "original works," though showing an improvement as compared with the actuals of the two preceding years, falls considerably short of the estimated outlay. Taking the case of each district separately, I observe that the expenditure under this head has been comparatively speaking small in all the districts except Patna and Sarun. The reduction of expenditure is, it is believed, due to the prevalence of epidemic fever throughout the division towards the latter end of the year, which rendered it impossible to procure labour to the desired extent. It is, however, satisfactory to observe that there has been a decrease of Rs. 11,728 in the expenditure on account of establishment as compared with the preceding year.

7. Almost all the District Committees appear to have taken great interest in the improvement of village roads. Patna takes the lowest place in the list having expended only Rs. 4,933 on these roads during the year.

8. The subordinate establishments are reported to have worked to the satisfaction of the Committees.
